# GAC Dry Bulk Services

## For the coal industry

### Global network, local expertise

GAC is a global provider of shipping, logistics and marine services. These services are constantly being refined and integrated to serve our customers' increasing need for competitive solutions. Emphasising trust, reliability and a strong human touch, GAC has been building its reputation in its chosen markets since 1956. Headquartered in Dubai, GAC employs over 9,000 people in more than 300 offices worldwide.

### Experience, consistency & understanding

Since its inception in 1956, the GAC Group has provided unparalleled expertise and experience in delivering consistently high standard professional shipping and transportation services.

GAC's coal transportation solutions are based on in-depth understanding of common challenges that can arise, and an innovative and systematic approach that safeguards the quality of coal operations. Dedicated teams work around-the-clock, at key coal terminals around the world, to ensure quick dispatch arrangements, improved turnaround and full compliance with all local regulations.

### Comprehensive services

Companies that control the large scale movement of coal around the world have very specific demands. The GAC network has the resources to provide the best combination of port agency and landside services to meet those needs.

GAC takes it a step further, integrating port agency and logistics services with a wide range of complementary solutions.

### Wide-ranging portfolio

GAC's wide-ranging portfolio of services also includes:

- specialised port captaincy services to ensure efficient cargo handling;
- a single point of contact (drybulk@gac.com);
- round-the-clock communication with principals;
- effective Disbursement Account management on a global or regional scale;
- 24/7 access to the GAC accounts system for Hub/ Centralised Accounts clients.

### Efficient and well-trained team

GAC's strength is its people. Around the world, the Group has dedicated teams - including a dedicated Coal Team - ready, willing and able to provide vital local knowledge and expertise to ensure optimum service levels and best practice.

The Group's unique online university, the GAC Corporate Academy, also provides a platform for all staff to enhance their skills and fast-track their professional development.

### Commitment to Health, Safety, Security and the Environment (HSSE)

The GAC network has a strong policy on HSSE performance, and is committed to the belief that good HSSE management is essential for the well being of our customers, suppliers and all other stakeholders.
