Combining speed and precision in the sporting community

On time, every time

Planning, coordination, team work, commitment, courage, technical skill and the passion to succeed – these are all words which are used to describe success in the sporting arena – whatever the sport.

GAC understands the dedication needed to reach the pinnacle of achievement in sport, and has created a specialist sport logistics arm to manage the challenging needs of the industry. GAC Sport Logistics recognises the time-critical nature of sporting events, and the need for core equipment and ancillary materials to be there on time, every time.

GAC has the experience and structure not only to support the event organisers, but all of their related partners, whether they are sponsors, teams, TV, hospitality or merchandise companies.

This is the environment where GAC Sport Logistics excels.

Skill and determination

Logistics is key in what goes on before, during and after an event, ensuring every piece of equipment arrives safely, at the right place and at the right time – critical factors in the success of sports events everywhere from Silverstone to Singapore, Beijing to Bahrain.

GAC has established an enviable global network of offices to support sports events and their participants. With over 9000 employees, we have more than 300 offices in over 40 countries.

Our sports clients have included the Doha Asian Games, MotoGP, A1 Grand Prix, the World Rally Championship, the eco-powerboat *Earthrace* and Manchester United Soccer

Schools. We also provide support for sports aid such as the Diambars Project in West Africa.

But we don't stop there. Core to our beliefs is working in partnership with our clients day-to-day to ensure that we have the best logistics solution for any project and that we are immediately on hand if challenges arise. We are always working to find the most cost effective and time efficient solution to meet your needs.

GAC is the official logistics supplier to Manchester United Soccer Schools

Event logistics

Time and teamwork is critical – whether staging the logistics for a major sporting event or co-ordinating the pit stop during a powerboat's quest to beat the world speed record for circumnavigating the globe.

Behind the scenes at the Doha Asian Games we moved 10,000 bedroom units, 161 horses, 450 airline units of power generators, media equipment, timing and communications gear – in addition to the standard sporting equipment. It took a temporary airport terminal and a team of a thousand people to coordinate it all.

And we were there in Cochin and Singapore to make sure *Earthrace* spent her time on the ocean and not in port being re-fuelled and re-fed by our teams in record time.

GAC in the sporting arena

GAC is the main sponsor of Crystal Palace FC and provides sponsorship support for established sportsmen such as Richard Sterne, and rising talent such as Viktor Jensen and Alex Brundle in Formula 3000 and Formula Palmer Audi respectively. Our network of offices also promotes sports on a local level from the Bradford Bulls in the UK, to Santo Andre Volleyball in São Paulo and the Team Saluki rally team in the Middle East.

Specialist in shipping, logistics, marine and related services

GAC is a global provider of shipping, logistics and marine services. These services are constantly being refined and integrated to serve our customers' increasing need for competitive solutions. Emphasising trust, reliability and a strong human touch, GAC has been building its reputation in its chosen markets since 1956.

Headquartered in Dubai, GAC employs over 9,000 people in more than 300 offices worldwide

From our regional base in the UK, GAC Sport Logistics offers a complete portfolio of services including air and ocean freight, customs clearance, packing, on site supervision and set-up, as well as contingency planning and preparedness.
