# GAC Cyprus

GAC Cyprus has been engaged in shipping and logistics services since its establishment in 1970 and provides a complete portfolio of shipping and logistics services from three strategically located offices in Nicosia, Limassol and Larnaca.

## Complete support solutions

We offer unrivalled experience in handling a wide variety of bulk and break bulk commodities, from project through to unitised and temperature sensitive cargoes. Stevedoring facilities are available at Larnaca and Limassol.

GAC Cyprus offers a full range of domestic logistics services including in-house customs brokerage, haulage and packing. Temperature controlled logistics and bonded storage are also available.

## Excellent local knowledge and industry contacts

Over the years, GAC Cyprus has developed extensive local expertise as well as excellent relations with local authorities and private sectors of the shipping and logistics industries.

## Strong team of professionals

All operations are manned by dedicated personnel round-the-clock, throughout the year. Customers are assured of prompt and efficient responses to all their requests.

Every staff member is highly experienced in their specialist area. GAC Cyprus combines international experience with local expertise to deliver top class service.

## IT strengths and capabilities

To ensure reliability of operations, GAC Cyprus benefits from computerised operational job management systems as well as the latest communications software and cargo handling/warehousing programmes. Online cargo tracking provides customers with complete 24/7 visibility of their freight.

## Source of up-to-date information

GAC Cyprus provides current and precise information to meet the needs of all tanker, dry cargo and cruise vessels in their planning and fixture stages. These include port conditions, port costs, navigation rules, anti-pollution and security regulations. Besides reporting vessel line-up and berthing prospects to our Principals, we also provide weekly port situation reports upon request.

## Commitment to quality service

GAC Cyprus is ISO 9001:2008 certified and applies high international standards to local services, with all staff committed to continuous quality improvement. GAC Cyprus has also obtained Authorised Economic Operator (AEO) certification which recognises its status as an economic operator, and is an advanced registered member of First Point Assessment (FPAL), demonstrating its knowledge and expertise in the oil and gas sector.

## HSSE attitude

The GAC Cyprus management team is dedicated to providing a healthy, safe, secure and environmentally sustainable workplace for the well-being of all employees and their families, customers, visitors and other stakeholders.

## Expertise in the energy sector

GAC specialises in the provision of upstream logistics services and supply base management at global energy hubs from Singapore to Houston. As gas exploration continues around Cyprus and offshore construction for the Tamar field gathers momentum, GAC Cyprus is on hand to meet all your oil and gas needs.

## Shipping Services

### Ship agency

GAC Cyprus is a leading ship agent and acts for a wide range of Principals, representing them in traditional port and husbandry services. We also provide liner agency services as well as specialised services for support to offshore drilling rigs.

### Crew welfare

GAC's special "Meet and Greet" service ensures all arriving and departing crew members receive the best care possible.

### Supply and purchase

GAC Cyprus acts as coordinator for local supplies, sourcing and quoting competitive prices for provisions, stores, fresh water and bunkers.

### Protection and indemnity

GAC Cyprus acts as correspondent for a number of internationally renowned P&I clubs and provides them with professional representation when their ships require immediate attention.

## Logistics Services

### Ocean freight

GAC Cyprus offers economical consolidation services for cargo from Europe, the Americas, the Middle East and Asia to Cyprus.

### Air freight

Our substantial volumes and buying power, combined with strong relationships with the world's premier carriers, enable us to offer customers competitive rates and gain access to capacity – even during peak times.

In addition, using the most cost effective and expedient route, we monitor and provide progress reports along every step of the way, giving customers complete visibility of the move and peace of mind.

### Project logistics

GAC has vast experience in developing and executing complex project logistics solutions, and can co-ordinate any type of project cargo movement by air, land or sea. We have the skills and equipment to manage any size of project from a single domestic movement to a full turnkey operation.

### Warehousing and distribution

GAC is a specialist in warehouse design, management and operation. Our facilities are located in ports and inland to meet the simplest to the most complex distribution needs of our customers.

# Specialist in shipping, logistics, marine and related services

GAC managers and staff emphasise human dignity as a core value in our operating philosophy. We value long-term relationships with business partners, customers and suppliers and seek win-win solutions to the challenges of modern business.

GAC is a global provider of shipping, logistics and marine services. These services are constantly being refined and integrated to serve our customers' increasing need for competitive solutions. Emphasising trust, reliability and a strong human touch, GAC has been building its reputation in its chosen markets since 1956.

Headquartered in Dubai, GAC employs over 9,000 people in more than 300 offices worldwide.
