On and offshore expertise

In an energy-hungry world, oil & gas are major drivers of the global economy. As the demand continues to grow, so does the need for reliable end-to-end supply chain management solutions. GAC Energy & Marine Services meets the need with specialized services tailored to the demands of the marine, oil & gas and mining sectors. From door-to-deck delivery to time sensitive deliveries for exploration sites; GAC has the skills and resources to keep delivery lines working safely and efficiently for the energy industry.

A subsidiary of GAC's global network, GAC Energy and Marine Services is based in Houston, the center of the oil and gas industry. It boosts the Group's suite of services in the Americas that includes ship & hub agency, as well as bunker fuel supplies.

Convenience & Dependability

Our state-of-the-art facility provides a fully secured 65,000 square feet of covered warehousing space and 40,000 square feet of open air paved storage. GAC provides a one stop shop for a unique range of services including shipping, logistics, marine and related services. Tracking shipments is not a problem. Our state-of-the-art Information Technology System, C2C allows us and our clients to track each item shipped or stored under our care.

Full service

Our expertise in managing the complex logistics requirements of turnkey projects has enabled us to serve major energy and production operators globally. Our services for the energy and marine sectors include:

- International and Domestic Air / Ocean freight Management
- Road and Rail Logistics
- Oil & Gas Logistics
- Charter Services
- Project and Mining Services
- Marine and Agency Services
- In-house Packing and Crating
- Warehousing & Distribution
- Customs Clearance
- Cargo Insurance

Flexible and effective

Leveraging GAC's 50 years' expertise in logistics, ship agency and marine support, our team of dedicated oil & gas specialists develops structured yet flexible solutions that meet the industry's every demand. GAC Energy and Marine Services can accommodate shipments of any size, shape or weight that does not fit standard transport modes; as well as critical spare parts, shipments which need special handling equipment or an escort.

Diverse portfolio

GAC can serve the complete life cycle for upstream and downstream facilities and infrastructures. Our diverse clientele includes:

Upstream:

- Exploration and production (E&P) companies
- Independent oil & gas companies
- International oil & gas engineering contracting firms
- Industrial supply and service companies upstream and midstream

Downstream:

- Refiners and processing industries
- Integrated energy companies
- Retailers and wholesalers of finished oil products

Maintaining quality and service

GAC's Energy and Marine Services is committed to providing quality packaging, shipping, and transportation solutions which are cost effective and available around the clock.

Our services and operations are supported by a wealth of experienced industry experts, accustomed to local regulations and practices, all of whom are focused on minimizing costs, optimizing resources and meeting deadlines.

GAC has a strong Health, Safety, Security & Environment (HSSE) policy and holds a firm belief that good management of HSSE is essential to the well-being of our customers, suppliers, subcontractors and cargos.

Specialist in shipping, logistics, marine and related services

GAC is a global provider of shipping, logistics and marine services. These services are constantly being refined and integrated to serve our customers' increasing need for competitive solutions. Emphasizing trust, reliability and a strong human touch, GAC has been building its reputation in its chosen markets since 1956.

With our combined expertise in logistics, ship agency and marine support, GAC brings the best in skills, knowledge and tools to meet the complex and stringent standards of the energy and marine sectors.
