GAC Sharjah Logistics Services

GAC Sharjah has provided first-class shipping and logistics services since its establishment in 1969. Today, it is the leading shipping and logistics service provider in Sharjah – UAE.

Dedicated professionals

Customers can rest assured of a prompt and efficient response to all their requests by a strong, experienced team of professionals. All operations are attended to around-the-clock by dedicated personnel. Our highly experienced staff have in-depth knowledge of local commerce, culture and customs, which GAC Sharjah combines with the Group's international experience to deliver top class service.

Modern IT capabilities

Our advanced IT systems provide customers with complete visibility of their cargo throughout the supply chain. In addition to cargo tracking, our systems also generate management reports on statistics, inventory flow and key performance indicators.

Commitment to quality

We strive to ensure excellence and superior service in everything we do. GAC Sharjah is ISO 9002 certified and applies high international standards to local services, with all staff committed to continuous quality improvement.

Logistics services

Combining our in-depth local knowledge and GAC's worldwide network, GAC Sharjah offers a one-stop shop for your supply chain and logistics needs.

Air freight

GAC Sharjah offers air export services to destinations worldwide. All services are executed under strict IATA approved conditions. Our substantial volumes and buying

power, combined with strong relationships with some of the world's premier carriers, means our customers benefit from favourable rates and gain priority access to capacity even during peak times.

Ocean freight

We offer cost-effective ocean freight services to worldwide locations as well as consolidation service for cargo from Europe, the Americas, Middle East and Asia to UAE ports.

Project logistics

GAC has vast experience in developing and executing complex project logistics solutions, and can co-ordinate any type of project cargo movements by air, land or sea. We manage projects from single domestic movements to full turn-key operations.

Warehousing and distribution

Warehousing and distribution form an integral part of our supply chain services. Our warehouse facilities cover an area of over 22,000 sq ft offering long- and short-term storage for all types of cargo. Our facilities are located near Mina Khalid and Inland container depot – Sharjah.

International moving

GAC Sharjah is a registered member of the world's leading global moving associations, providing a comprehensive range of door to door services. Whether moving office or home, every move is pre-planned and handled with care.

Land transportation

Whether inland and overland road haulage, FTL (Full Trailer load) or LTL (Less than Trailer Load) cargo, we deliver door to door. Our regional distribution capability is part of our total logistics solution.
