GAC China & Hong Kong Shipping Services

Global network, local expertise

Established since 1974, GAC China & Hong Kong is part of the GAC Group, a global shipping, logistics and marine services provider with over 300 offices worldwide.

From offices strategically located in Hong Kong, Shanghai, Shenzhen, Xiamen and Beijing, GAC provides an extensive range of ship agency services throughout China and Hong Kong to a diverse range of vessels such as tankers, gas carriers, dry bulk, break bulk, container and cruise. Beyond its own office, GAC provides general and protective agency services at all major ports in mainland China.

The combination of our in-depth local knowledge with the worldwide infrastructure and resources of the Group enables us to offer a full range of logistics and supply chain solutions at competitive prices. Our cost efficiency is also ensured through centralised freight purchasing and strong relations with major air and sea carriers.

24/7 customer support

With a dedicated team assigned to each account, customers are always assured of prompt assistance for all their needs. Whether it's request for delivery updates, cargo movement, or emergency support, GAC is available round-the-clock.

Seamless operations

To ensure smooth operations and efficient administration, all communications and operations are co-ordinated either via GAC Hong Kong or GAC Shanghai. All financial transactions are centralised in GAC Hong Kong to ensure prompt and simple remittances.

Time and cost efficiency

Besides possessing local know-how, GAC has established strong relationships with the relevant local authorities and contacts in the regional shipping communities, to provide prompt turnaround for vessels in any situation. With GAC's strong local purchasing power, savings in port expenses can often be negotiated while delivering the same high quality services.
