GAC India

Shipping Services

Established in 1983, GAC Shipping (India) Pvt. Ltd. has grown steadily to offer a truly one-stop shop for all shipping, logistics and distribution needs.

GAC India is headquartered in Cochin, Queen of the Arabian Sea, and operates 24 other fully fledged and ISO 9001:2008 certified offices. They cover all major and minor ports, as well as inland container depots.

With over two decades of experience, GAC India is one of the leading agents in India. We offer principals round the clock (24/7) comprehensive range of ship agency services for any type of port calls, including attendance required in connection with vessel demolition and ship to ship transfer etc.

Global coverage and local expertise

GAC Cochin head office acts as the Hub Office for all operations in the country and co-ordinates all administrative and international financial matters, which helps to streamline processes.

As a part of GAC Group, we offer principals the combination of worldwide coverage with a thorough local knowledge.

Professional and experienced team

Backed by approximately 300 experienced staff, we are committed to delivering the same superior level of customer service, as part of the customer experience offered by GAC offices worldwide.

Fully computerised automation system

Using leading-edge technology and computerised operation system, GAC Cochin shipping desk controls the shipping activities at Indian Ports situated at both East and West Coasts. Information about any port can be speedily furnished from this office.

Specialised shipping services to vessels from diverse sectors

GAC India acts as agent for tanker, break bulk and cruise owners based in Europe, USA, Asia and various naval ships for husbandary requirements. Our qualified and experienced shipping professionals are based in all branches to handle both tramp and liner operations.

Extensive expertise has been built in all kinds of cargo, such as, General Cargo, HSD, SKO, lubes, benzene, chemicals, phos acid, ammonia, crude oil, fertilisers, agri products, steel & iron products, rice, sugar, wheat, iron ore, metcoke, coal, heavy lift / project cargo, etc.
