Key Ports in Indonesia

PT. Andhika GAC

Shipping Services

Established in 1990, PT. Andhika GAC is a joint venture between the GAC group, the world's leading independent supplier of shipping, logistics, marine and related services; and PT. Andhika Lines, an Indonesia shipping and agency company.

Comprehensive Coverage

Operating from a Jakarta head office and ten strategically located representative offices - Medan and Belawan (Sumatra), Cilegon, Tanjung Priok, Paiton and Surabaya (Java), Banjarmasin, Kotabaru, Balikpapan and Tanah Grogot (Kalimantan), Andhika GAC provides complete agency coverage across all terminals and ports in Indonesia.

In other ports, Andhika GAC uses the services of carefully selected local agents with whom close working relationships have developed since the company was established.

Seamless Operation

To ensure smooth operations and efficient administration, all communications and funding are coordinated via the head office in Jakarta.

Operations staff are either ex seafarers or have worked in shipping related positions ashore prior to joining Andhika GAC. This ensures that staff have the experience, the skills and knowledge base required to handle all vessel types, under any conditions, effectively at all ports and terminals across the archipelago.

Local Expertise

Given our extensive local knowledge combined with the GAC Group's resources and strong understanding of Principals' requirements, we keep owners / operators / charterers informed on their vessel / cargo status or any changes throughout the port call.

Time & Cost Efficiency

Besides possessing the local know-how, Andhika GAC has established close working relationships with the relevant local authorities and contacts in the local shipping industry.

This enables Andhika GAC to provide prompt turnarounds for vessels in any situation.

What makes GAC Shipping special?

- 24/7 operations
- Professional, trustworthy & experienced team
- Active Quality Management System in place
- Active health, safety, security and environment policy in place
- Incident and claims management service
- Reduced lead time in clearance of final disbursement
- Customised daily Principals reports
- Source of reliable market intelligence
