GAC Pakistan Shipping Services

Established since 1984, GAC Pakistan is a leading shipping agency in Pakistan. With a comprehensive range of shipping and logistics services for all types of port calls, we remain in the top position for the number of port calls handled at Pakistani Ports of Karachi, Port Qasim, Gwadar and Gadani for over a decade. We are also the first shipping company in Pakistan to receive QMS Certificate from DNV in April 1999.

Wide coverage, local expertise

Operating from our head office in Karachi and two strategically located offices in Lahore and Islamabad; we provide complete agency coverage across all terminals and ports in the country. With a market presence spanning over two decades, we bring in-depth local maritime knowledge to ship owners, operators and charterers.

Seamless operations

To ensure smooth operations and efficient administration, all communications and funding are coordinated via the head office at Karachi. Principals are also kept informed on their vessel or cargo status throughout each port call.

Diverse portfolio

Whether you are controlling an entire fleet or a single vessel, you can rely on GAC Pakistan. Our experience encompasses all type of vessels including dry bulkers, heavy lift, RoRo, crude, products, chemical tankers, LPG, containers, passenger cruise, Naval, survey/support vessels, offshore drilling rigs, special purpose/construction vessels and demolition vessels, etc.

Time and cost efficiency

By tapping into our strong relations with the local authorities and other maritime-related organisations, we are able to provide prompt turnaround for vessels in any situation.

Commitment to Health, Safety, Security and the Environment (HSSE)

The GAC network has a strong policy on HSSE performance and holds a firm belief that good management of HSSE is essential for the well being of our employees, customers, visitors and all other stakeholders.

What makes GAC Pakistan special?

- 24/7 operations
- Professional & experienced team
- Certified ISO 9001:2008
- Fully conversant with ISPS requirements
- Reduced lead time in clearance of final disbursement
- Customised Commodity reports to Principals
- Source of reliable market intelligence
