GAC Sri Lanka Shipping Services

Established in 1991, GAC Sri Lanka is part of the GAC Group, the world's leading independent supplier of shipping, logistics, marine and related services.

Comprehensive Package

GAC Sri Lanka offers a full range of ship agency and related services, and handles all types of port calls, vessels and cargoes. Whether you require full agency, owner's protective agency or husbandry agency services, GAC Sri Lanka can handle your call. Our extensive portfolio of services includes loading and discharging of dry or wet bulk cargoes and containers, dry docking, supply of bunker fuels, crew changes, spare parts delivery, launch service, lay-ups, and more. We cover all ports, terminals, anchorages, holding areas, and repair yards throughout the country.

Ship Supply Services

GAC Sri Lanka's Ship Supply Services enables vessels that ply the busy sea lanes to take on provisions or new crew without diverting from their route. Our fleet of ten modern, high-speed craft ensures fast and safe delivery of provisions, personnel, spares and mail around the clock, direct to vessels from our base in Galle. We also provide full service for boarding and disembarkation of sea marshals and their equipment. The GAC fleet is also able to provide rapid response to emergencies on board vessels.

Fast Turnaround

Efficient ISO-certified procedures and close working relationships with local authorities, suppliers and the local shipping industry enables GAC Sri Lanka to provide rapid

turnaround of vessels in any situation. Reducing the time spent waiting, in port and leading up to final disbursements, are key priorities to help ensure time-and-cost efficiency for GAC Sri Lanka's customers.

Local and International Expertise

With more than two decades of operations in Sri Lanka, our extensive local knowledge, combined with the GAC Group's strong understanding of principals' requirements, has enabled us to provide principals with constantly updated local market intelligence, information about applicable regulations and the latest local conditions for each port call.

What makes GAC Shipping special?

- Reliable market intelligence
- Up-to-date customised reports and information
- High quality service delivery through our ISO certified quality system
- 24/7 operation
- Fast turnaround and short lead-times for final disbursements
- Dedicated fleet of multi-purpose vehicles for crew and spares services
- Dedicated fleet of supply vessels for safe and efficient service off Galle and Colombo
- Highest safety standards
