

GAC Protective Solutions

Powered by AKE

Global partnership providing maritime security solutions

wherever you go

Protecting your business on the high seas

Every week brings news of attacks against maritime interests: pirates, ransom seekers, political activists. Vessels need to be prepared for such threats as they travel the world's shipping lanes.

GAC Protective Solutions, powered by AKE, can help mitigate the risk to ships, cargoes and crew from the threat of piracy and hijackings. It combines the resources and reach of the GAC Group with AKE's extensive experience in protecting individuals and organisations in hostile and challenging environments worldwide. Our non-lethal methods are tested and effective.

They include:

- Pre-voyage preparation
- On-board crew training
- Defensive exterior and interior configurations
- Management training
- Access to intelligence analysis and information on security threats and pirate activity

GAC Protective Solutions, part of GAC Solutions, delivers an integrated educational and intelligence-led approach to clients aimed at minimising their exposure to the operational risks of piracy and hijackings.

One point of contact, a single proforma, and one disbursement for ships agencies and Sea Marshal's.

Service package includes:

- Comprehensive on location Crisis Management and onboard officer/crew training
- Protective equipment sales
- Protective guidelines
- Newsletter/alerts
- On-board Sea Marshals who use non-lethal means to support the Master and ensure safe, successful passage
- Dedicated specialists trained in tactical and non-lethal anti-piracy solutions to protect your assets
- Round-the-clock monitoring and support from 24/7 operations room
- Transfer to vessel with minimum deviation from route
- Training, advice and practical support on a comprehensive series of defensive measures and counterboarding techniques and procedures to allow vessels to proceed safely through high risk areas
- Training in contingency planning and procedures - protection through 'The Golden Hour'
- Vessel security planning review and recommendations to Master
- Comprehensive medical assistance, support and on-board training of crew
- Training in personal safety procedures
- Ship or shore-based GAC Protective Solutions training school
- Daily integrated land and maritime intelligence analysis
- Coordination with international and Coalition Maritime Task Forces
- Tactical weather routing
- Design and supply of portable and fixed defensive counter piracy equipment

Additional services are available on request:

- Access to incident response teams, crisis managers and ransom negotiators
- 'International Red Flare' global medical and security evacuation service
- Asset management, training, regulatory compliance and security planning
- Provision of medical equipment and services
- Provide advice on insurance through Lloyd's of London
- Crisis management preparedness consulting

Specialists in shipping, logistics, marine and related services

GAC Solutions

GAC Protective Solutions, Powered by AKE, is a unit under GAC Solutions, a special business area of the GAC Group, set up to provide value-added products to the shipping and marine industries. It combines GAC's knowledge and long standing relationships with its shipping, logistics and marine customers with the products of world-leading suppliers. Other services range from Workwear, Education, Ship spares logistics, Ship-to-Ship transfer, Bunker Fuels and Weather routing solutions and the list is growing.

AKE Group

Founded by Andrew Kain in 1991, AKE is a client-focused risk mitigation company, providing a variety of fully integrated services. AKE distinguishes itself from other security service companies by taking a proactive intelligence led approach to assessing, monitoring, training for, and protecting against risk.

What makes GAC Protective Solutions special?

- World-class dedicated training available around the globe
- Highly qualified, vetted and experienced security to ensure task success
- Immediate response to security / protection needs
- Focus on crew, assets, cargo & environment
- Monthly global intelligence report circulated
- Intelligence driven, non-lethal initiatives
- 24/7 surveillance / monitoring centre
