

# Ship Fumigation & Sanitisation Services by GAC Sri Lanka

During a time when health, cleanliness and hygiene is at the top of everyone's mind, GAC Sri Lanka has pioneered disinfection and sanitisation services to vessels calling any Sri Lankan port or plying our off port limits. We are committed to providing these services under strict health & safety guidelines while adhering to all local & international standards.

## What we offer

- Launch services to facilitate the process covering all 4 commercial ports in Sri Lanka - Colombo, Galle, Hambantota and Trincomalee
- Staff available 24/7 to execute disinfection or sanitisation operation
- All documentation and coordination with authorities for approvals
- Use of approved disinfectants, professional tools & equipment
- Technically qualified and experienced teams to attend to the entire operation
- Provision of full PPE to all team members involved in the operation
