

Health Monitoring for Visitors from outside Oman & Staff returning from Overseas Travel

Notes:

1. Positive Travel or Contact History is defined as “those which have been in China or Highly Effected Countries, or those which have been in close contact with confirmed coronavirus case(s) within the last 14 days prior to arrival.”

Highly Effected Countries are; Hong Kong, Taiwan, Macau, Singapore, South Korea, Japan and Thailand (updated: 12th February 2020)

2. All Staff and visitors with Positive Travel or Contact History should report for daily health screening with QHSE/3 Clinic for Sur based staff and visitors, or Laila Al Senani (QHSE/28) for Muscat based staff and visitors.

For more advice, please refer to your Line Manager or contact:-

Sur Staff : QHSE/3 Clinic Tel: 99318306
Muscat Staff : Laila Al Senani (QHSE/28)
