Alongside

We serve cruise vessels calling at both established ports and emerging destinations. Our local offices work with reputable shore excursion specialists and reliable local suppliers to ensure that all your needs are met.

Our focus is to provide optimal port handling calls whilst interacting closely with you to provide a solution tailored to your needs.

World-class

Our emphasis on local knowledge and contacts, planning and efficiency enables us to guide itinerary, marine and nautical specialists and help them design cruises in

areas where we provide agency coverage. Planning is crucial for trouble-free cruising. GAC Norway cruise operations focus on advance information for berth reservations, immigration requirements and security recommendations, as well as more near-term arrangements prior to your vessel arriving.

By managing multiple port calls through a single point of contact, GAC's Global Hub Agency system helps reduce administration costs.

GAC Marine Logistics (GML) offers cruise operators a seamless single-source, door-to-deck global delivery service for ship spares and supplies.

Safe and sound

All our operations are in line with the GAC Group's Compliance & Ethics and Health, Safety, Security and Environment (HSSE) requirements.
