

GAC Marine Transit Services

A seamless journey with GAC

GAC is a leading provider of global agency, logistics and bunker fuel services for rig and vessel movements, transits and offshore projects. Every year, our Group meets the needs of more than 83,000 port calls with the highest standards of service at cost-effective prices.

Keep your business moving with our range of services, quality support and competitive rates at major ports around the world.

Delivering your strategy.

The ship agency, logistics and bunkering support you need for transits and movements

Our global network of GAC offices and approved partners offers marine transit solutions through a single point of contact.

We deliver a unique combination of ship agency, logistics and bunker fuel services to support vessel transits, maintenance periods and projects of every size and complexity.

Global services round-the-clock

- Ship agency
- Bunker fuels
- Canal transits
- Husbandry
- Ship spares logistics
- Vessel and project chartering
- Security

Quality standards

Outsource your supplier vetting with GAC's ISO 9001 & 14001 certified procurement process.

The GAC advantage

- Experienced global team of industry experts
- One operational and contracting entity for all services
- Single billing account for all services
- 24/7/365 operations
- Competitive and transparent pricing
- Minimal vessel turnaround times
- Global reach and resources eliminate the need to vet agents in transit locations
- Strict supplier appointment process and management

All our operations comply with the GAC Group's stringent Compliance & Ethics and Health, Safety, Security and Environment (HSSE) policies.
